

Elks Carnival Will Have Many and Varied Attractions

Committee Have Purchased Bewildering Array of Presents for Grand Bazaar on Sept. 3-5-6

Plans are well under way to ensure the Elks' carnival and bazaar being the outstanding attraction of the year. The purchasing committee has arranged for a supply of novelties the like of which has never been equalled and can never be surpassed.

Regardless of expense they have collected for the people's pleasure and enrichment a bewildering array of blankets, dolls, lampers and other articles which will be displayed each night for sale or disposal otherwise.

Owing to the fact that President Coolidge has announced his intention of retiring as president of the United States at the end of his present term a supply of blankets which had been ordered for the paramount chiefs of the Wahpootie Indians to wear at their celebration of the President's third term has been made available and the committee were fortunate in securing a limited quantity of these which will be displayed to your astonished gaze.

Not only will these blankets be on exhibition but they may be procured by a limited number of visitors who will have the opportunity of obtaining them by private treaty or otherwise.

The dancing floor is being remodelled for the occasion and in securing the Elks' Bandwell Orchestra the committee has ensured the best of music for the patrons.

The proceeds of the bazaar will be entirely devoted to charitable objects and if any citizens of Coleman find themselves unable to attend they are at liberty to subscribe to the funds and can mail their contributions to Mr. W. L. Rippon.

A special feature of the bazaar will be that one visitor each night will receive a handsome present at no cost whatsoever. Each and every person attending the Coleman Crystal Arena on the nights of September 3-5-6, will be presented with a numbered ticket. When the revelry is at its height a number will be announced by one of the officials, and the holder of the ticket bearing the number announced will receive a magnificent gift. Remember this is a free attraction and whether you buy at the bazaar or not you will be kindly presented with a numbered ticket.

Home presents a dreadful picture dark and dismal as the tomb, without a lamp, but this state of affairs can very easily be remedied by attending the carnival and obtaining one of the elegant lamps which will be displayed for sale at a nominal price. These lamps are worthy of a place in the most palatial surroundings. Why should we grope in darkness when such an ornamental and useful article can be secured for practically nothing?

H. R. H. the Prince of Wales and his younger brother George were to have been invited to open the bazaar but on enquiry it was found that their arrangements did not permit of their staying over for the purpose. In lieu of this, however, the most exalted Elks in the district will be present in person at the opening ceremonies and any one desiring to make the acquaintance of any of these worthies is requested to hand in his name to the committee and arrangements will be made for a personal introduction.

New Regulations For Anglers—Limit Reduced

The catch limit per day of cut-throat, rainbow, Loch Levan and Dolly Varden trout has been reduced to twenty, according to new regulations for the provinces of Alberta and Saskatchewan. This limit also applies in the case of grayling and Rocky Mountain whitefish, while the limit for other fish is as follows: Lake trout, 10; perch or goldeyes, 25; pike or pickerel, 15; bass, 5. In the case of perch and goldeyes no one shall catch and retain more than 26 of either species or of both species than will in the aggregate number more than 26, the same regulation applying to pike and pickerel.

Retail Merchants Met

A meeting of retail merchants from Coleman, Blairmore, Bellevue, Hillcrest and Frank met at Blairmore on Monday evening to discuss various problems pertaining to the retail trade and how to best solve them. The meeting was addressed by A. C. MacKay, of the Alberta Provincial Board of the Retail Merchants Association of Canada, and he gave a very interesting address on how the service of retailers can be so improved that it will result in increased business and mutual benefit to the consumer as well as the retailer.

He expects to return, on a visit to the towns in the Pass in about two months.

War Memorial Fund Has Been Started

P. Smith, Secretary of Fund, Circulated Subscription List This Week

Peter Smith, secretary of the War Memorial committee, has been around this week securing subscriptions for this worthy object, and the following amounts have been subscribed:

Canadian Legion, \$20.00.
W. Bell, \$10.00.

The following gave subscriptions of \$5.00 each: R. F. Barnes, H. C. McBurney, Jack McDonald, B. Bertie, J. Michalsky, C. Ouimet, Geo. Pattinson, Leoksy and Ledieu, H. T. Halliwell—Total \$45.00.

The following subscriptions of \$2.00 each were secured: J. Rush-ton, Mrs. Gate, J. Woods, Sid Short, C. Nicholas, Fred Antrobus.—Total \$12.00.

The following subscribed \$1.00 each: A. Olivia, Palm Cafe, D. Gentile, Frank Graham, M. Angelo, J. Venera, Coleman Cafe, Geo. Neil, Ross Powell, G. R. Powell, Coleman Meat Market.—Total \$11.00.

50c each: Radio Cafe, B. C. Cafe.

The amount of money subscribed and in the bank for the war memorial is as follows:

Canadian Legion (in bank)	\$220.00
W. I.	60.00
In bank to Aug. 9	73.00
Subs. promised	6.00
Total	\$359.00

Follow Her Example

The han is a great advertiser. When she lays an egg she tries to let the whole world know about it. If you have something good to offer for sale, let as many people as possible know about it by means of newspaper advertising in The Journal.

Selling Out Shoe Stock

Attention is called to the announcement in the advertising columns of the extraordinary sale of the season's newest shoes at the store of Mrs. H. E. Gate. The only reason for these shoes being placed on sale at such extremely low prices is that the proprietress has decided to sell out the stock of shoes, and there are bargains to be obtained which will pay you well to purchase.

Taking over Management of Midland Mining Co

W. E. G. Hall Resigning From McGillivray Creek Coal Co.—Going to Drumheller Field.

After nine years as mining engineer at the McGillivray Creek Coal and Coke Co., Ltd., W. E. G. Hall states that he will be leaving at the end of this month to take over the management of the Midland Mining Co. at Drumheller, Alta.

During their residence here Mr. and Mrs. Hall have made a host of friends who will regret their departure from Coleman, and will join in wishing them success in their new home. They expect to leave in about two weeks for Drumheller.

A Bargain Offer

On any order of \$15.00 or over, Leoksy, Ledieu and Company are willing to give the same price for the same quality of goods, under the same conditions, as any catalogue house in the province of Alberta, and they invite you to bring your catalogue with you. 51c-

Buy Advertised Goods —It Pays

Coleman Merchants invite your trade—and attention is drawn to their advertisements this week.

Leoksy, Ledieu and Co., Grocery Specials and \$16 special offer—Page 8.

Mrs. Gate's store, specials this week in Ladies Shoes.—Page 8.

H. C. McBurney, Druggist and Stationer, special in Wilber's chocolates.—Page 8.

Coleman Hardware Co., special in fruit sealers.—Page 8.

Groceries of Coleman, specials in dry goods.—Page 8.

Coleman Bakery, week end special.—Page 8.

Big Attendance at Dance

The dance held last evening in the Opera House in aid of the swimming pool was attended by quite a large number from town and a very good program of dance music was given by Mrs. Almarut's orchestra. The holder of the lucky number which won the door prize was May Bell.

The next dance will be held on Wednesday, August 24.

Oddfellows Picnic

The annual picnic of Coleman Lodge I. O. O. F. will be held on Sunday next, Aug. 14, and cars will leave Coleman for the grounds at 1 p. m.

The picnic will be held at Crow's Nest Lake, and all visiting brethren and sisters are extended a cordial invitation to attend.

The White Elephant

The big circus of Ringling Bros. and Barnum and Bailey is to be in Lethbridge on Aug. 17 and Cranbrook Aug. 18. The only glimpse people in the Pass will get of it will be the 100 railroad cars passing thruth: From Cranbrook the circus goes to Spokane. Bill posters were in town yesterday advertising the show, featuring the wonderful white elephant from Burmah. It is a more useful elephant than most white elephants, judging by the way it is featured by the circus press agents. This white elephant at least earns its keep.

Ouimetle Store Quitting Business

This office is in receipt of a large order for two page circulars which will soon be sent printed and circulated, broadcasting to Coleman and district the news of Ouimetle Store Closing Out Sale, which will start on Wednesday, August 17th.

Mr. Christopherson, a merchandising man of Minneapolis, is here in charge of the sale and states that everything is to be sold to the hilt, nothing is to be reserved. He has priced everything at cost and below. If price means anything hundreds will attend this sale next Wednesday.

It is with regret the Journal makes this announcement in regard to Ouimetle quitting business, as every person in Coleman and surrounding territory knows very well that only high standard quality merchandise has been stocked in this store.

Coleman Boys Win Second Place in Nesbitt Competition

St. John Ambulance Association [Team in Dominion Competition Awarded Second Place—Medals to Be Presented

The boys of Coleman who composed the team which won the honor of second place among the teams of the Dominion, in the Wallace Nesbitt Junior Competition, are Mac Hall, Captain; F. McLeod, R. Wilson, D. Flynn, and they are deserving of commendation for their splendid showing, being only five points behind the winning team. The First Troop Boy Scouts of Huntville, Ont., were first with 1844 points, and Coleman team was awarded 1794. The third place was awarded to Fernie, B. C., high school, with 1654 points. In the competition there were teams entered from nearly all the provinces of Canada, from Halifax in the east to Vancouver Island in the west, so that the honor secured by Coleman boys is worthy of more than just passing notice.

In a letter received by Mr. Rush-ton, secretary of the St. John Ambulance Association here, the following extract by Col. Hodgkiss, of Ottawa, will be read with interest:

"In the Wallace Nesbitt Junior Dominion Competition Tuxis Team No. 1, Coleman, came second and did very well. The general executive committee has decided to present this team with special silver medals in recognition of the ability shown by them and the time given to it."

A. E. Ottewill, provincial secretary for Alberta, states that he is forwarding the medals and will be glad if arrangements will be made for suitable presentation. It is quite likely that the presentation will be made at a suitable function of a public nature to be arranged.

McGillivray Mine Entry Restored

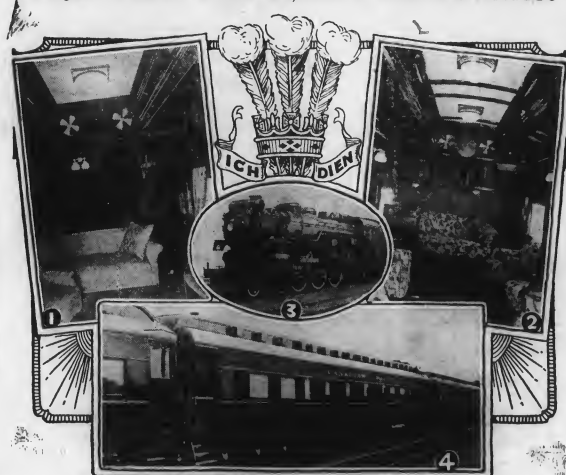

Completely Blocked by Explosion in 1926—Will Investigate Scene of Disaster

The work of restoring the entry in the McGillivray Creek Coal and Oak Company mine at Coleman, which was completely blocked by the disastrous explosion that occurred there last November, taking nearly a dozen lives, has been completed.

With this work completed, it is stated that the entry known as No. 4 entry north is where the explosion originated and that officials and experts will now be able to conduct a very thorough and extensive examination from which the cause of the disaster may be determined. As soon as this evidence has been obtained the judicial inquiry authorized by the provincial government will be proceeded with.

Under the circumstances, however, it is not likely this investigation will open before September, possibly sometime between the 10th and 15th. The coroner's inquest inquiring into the cause of the deaths of the mine workers who were killed in the mine following the explosion held a preliminary sitting in March last, but after hearing some evidence, adjourned indefinitely until after the judicial inquiry makes its findings.

Royal Train Is Canadian Pacific's Finest

1. The lounge room on the Prince's car "Strathcona." 2. Interior of lounge section of the "Mount Stephen," one of the private cars at the disposal of the Prince. 3. "2200" type locomotive that will haul royal train during major portion of journey. 4. Section of the Royal train showing the "Westworth," one of the private cars used by Premier Baldwin.

UNDOUBTEDLY the finest train ever assembled for any occasion bore their Royal Highnesses The Prince of Wales, Prince George, and Premier and Mrs. Baldwin from the Windsor Street Station in Montreal recently on their journey westward across the Continent. From their observation platform at the rear of the "Mount Stephen," where the Prince of Wales will smile his greetings to thousands of Canadians across the Dominion, to the private cars placed at the disposal of Premier Baldwin, the train resembled more in appointment the most exclusive club, finishing and appointments being in every way fitting for such distinguished guests of Canada.

Days before the Empress of Australia, bearing the Prince and Premier to Quebec, steamed up the

gray waters of the St. Lawrence, the yards of the Canadian Pacific were a scene of more than usual activity, interest centering around the Royal train being assembled there. The finest private cars of the Company were assembled, the for their Royal Highnesses, and the Wentworth and the Killarney for Premier and Mrs. Baldwin. The Prince King and members of the Princes' party. The Mount Stephen used by the Prince as his dining room and also as a general lounge car is finished in walnut, the glassware and silver fittings being set off by blue-toned rugs, hangings and upholstery. The Strathcona, containing the sleeping quarters of the

Prince of Wales and Prince George, is also finished in dark walnut. The covering of the beds are all in royal blue while those of their aides-de-camp are in water blue of a shaded silk. Premier Baldwin's private car, located near the front of the train, are furnished in the same manner, supplied with radio and orthophonic. The Westworth is finished in mahogany while the Killarney is in walnut.

In addition to the private cars are a number of compartment Glen cars for the use of officials and others who will accompany the train across the continent. The most powerful locomotives in use on the C.P.R. will haul the special train during the major part of the journey across Canada to the Rockies, this being the G-3-d type of the 2300 class.

BELIEVE THAT NAVAL ACCORD MAY YET COME

Geneva.—War between Great Britain, the United States and Japan is unthinkable, declared Hugh Gibson, chief representative of the United States, at the closing session of the tripartite naval conference. Hence there is no reason, he added, why an agreement, which has not been obtained at Geneva, should not be reached shortly as the result of direct negotiations between the Governments for a reconciliation of the divergent views.

The herald ceremony of the conference, held in the presence of a large assemblage, was carried out without the employment of words of recrimination, as might have been expected. As might have been expected, Mr. C. Bridgman, head of the British delegation, said:

"We are not dispersing in a spirit of bitterness or despair."

When the conference adjourned, the day after the adoption of a joint declaration suggesting direct negotiations between the Governments, Mr. Bridgman walked up the stairs of the Hotel des Bergues, in whose ballroom the last act of the naval drama was played, to the private office of Mr. Gibson and shook his colleague warmly by the hand. This was hailed as an indication that the First Lord of the British Admiralty believed the differences between the United States and Great Britain, manifest at the conference, were nothing more serious than a slight family feud.

Admiral Sato, distinguished member of the Japanese delegation, joining in the thought of Mr. Gibson and Mr. Bridgman, declared in a valedictory address that he for one desired to view the results of the conference as a rupture of negotiations. He was convinced, he affirmed vigorously, that in some form or another, attempts to limit extravagance and competition in naval building, already traded in practice by common sense, will continue and eventually succeed.

The joint declaration, adoption of which involves automatic adjournment of the conference, represents an effort to summarize the viewpoints of the three delegations on the matters on which they agreed and on those on which they disagreed. The declaration shows that the conference was wrecked by two points.

First, that of total tonnage limitation for cruisers, on which the British and the Americans were unable to reach an accord.

Second, on the problem of so-called eight inch gun cruisers.

Official Visit Will Terminate At Calgary

Remainder Of Canadian Trip Is Holiday For Prince

Ottawa.—The Prince of Wales plans to spend five days on his tour in the Northwest Territories and then to visit Vancouver and Victoria before returning home. It is probable that he will sail for England from Quebec on Sept. 7.

When the Royal train reaches Calgary and the two Royal Princes part company from P. M. Baldwin, the official visit of the Prince in the Northwest Territories will terminate. The remainder of his stay in Canada is primarily a holiday, although His Royal Highness expects to fill a few engagements.

Re-Provision Northern Post

Ottawa.—The successful re-provisioning of Canada's furthest north police post, Pelly, on the west coast of Ellesmere Island by the steamship *Bonville* is reported in a wireless message received at the North West Territories and Yukon branch of the Department of the Interior. This post is about 650 nautical miles south of the North Pole.

Aviators Reach Agreement

Paris.—Charles A. Levine, owner of the transatlantic plane *Columbia*, the newspapers stated today, has formally accepted the terms of the provisional agreement under which Maurice Drouhin, the French flyer, will pilot the plane back to New York.

Will Not Attend

It is stated on good authority that Eudyard Kipling, famous author of the poem which won the semi-centennial celebration of the faculty of applied science and engineering to be held in Toronto on October 8, 7 and 9.

Financial Aid For Queen Marie

Paris.—A Havana dispatch from *Buena Vista* states that the chamber of Deputies has voted a grant of 100,000 francs to the French Queen Marie from the state treasury.

Poultry Congress Closes

Rotting President Receives Honorary Degree From McGill University

Ottawa.—With speeches expressing international goodwill and with a touching tribute to the retiring president, Edward Brown, of England, the third World's Poultry Congress, concluded its business sessions.

Interesting announcements which followed the closing were:

Edward Brown, F.L.S., of London, England, president and founder of the World Poultry Congress, will have an honorary degree conferred on him by McGill University, Montreal, at a special convocation, should not be reached shortly as the result of direct negotiations between the Governments for a reconciliation of the divergent views.

The herald ceremony of the conference, held in the presence of a large assemblage, was carried out without the employment of words of recrimination, as might have been expected. As might have been expected, Mr. C. Bridgman, head of the British delegation, said:

"We are not dispersing in a spirit of bitterness or despair."

When the conference adjourned, the day after the adoption of a joint declaration suggesting direct negotiations between the Governments, Mr. Bridgman walked up the stairs of the Hotel des Bergues, in whose ballroom the last act of the naval drama was played, to the private office of Mr. Gibson and shook his colleague warmly by the hand. Rockefeller Asked To Cancel Soviet Deals

British Group Want Oil Investment Withdrawn Is Report

New York.—The New York Herald Tribune says that an appeal to John D. Rockefeller, Jr., active head of the far-flung Standard Oil empire, to withdraw from any financial deals with the Soviet Government has been made by Sir Horatius Dore, managing director of the Royal Dutch Shell Oil group, of Great Britain. The appeal was made after the Royal Dutch group had been unable to block two large United States oil companies, members of the Standard Oil group, from entering into oil contracts with the Soviet.

In his letter Sir Horatius is understood to have appealed to Mr. Rockefeller's interest in churches and philanthropic work; pointing out that the Soviet had destroyed churches and similar institutions as well as having confiscated property and nationalized all industry.

Held Justified in Killing

Beacon, Ont.—Mr. Hodgson was justified in killing, Don Forsythe when the latter invaded his home near here July 22, the coroner's jury inquiring into the case decided. The verdict reads: "The jury were in no doubt that the defendant was justified in killing the deceased."

A Disturbed Visitor

London.—Canada is to have yet another distinguished English visitor in a short time, Lord Hewart of Bury, lord chief justice of England. He will attend the annual meeting of the Canadian Bar Association in Toronto, which will open on August 24. Lord Hewart has held his present high office since 1922, when he stepped up from the attorney-general post, after having been attorney-general from 1919.

Malcolm Geddes Loses His Life On Lefroy Glacier

Calgary.—Malcolm D. Geddes, of Calgary, veteran member of the Alpine Club of Canada, was pitched 2,000 feet to his death when he attempted to descend the Lefroy glacier, near Lake Louise. This is a deceptive glacier and once Mr. Geddes started he found it was impossible to check his flight. First he was thrown, then his leg took from his hands and with terrific speed he was carried over the ice ledge and hurled to the rocks and ice far below.

Mr. Geddes was conducting a private party and a guide had not been taken along. He led his friends to Mount Lefroy peak, a feat that was not difficult for him in the light of his experience in climbing this particular mountain, and it was on the downward journey that the tragedy occurred. The expedition had no connection with the Alpine Club of Canada.

Mr. Geddes was one of Calgary's best known business men. He was editor and vice-president of the *Star* and *Review*, and was president of United Oil, Limited.

University Students Turn Harvesters

These alert and husky lads are British University students here for the harvest. They came to Canada aboard the Canadian Pacific steamer *Montrose*, arriving in Quebec and Montreal recently. While awaiting their job in the harvest fields of Saskatchewan, they are being placed on Ontario farms during the harvest season, by Ontario Government agents. They will return to their respective colleges in England and Wales towards the end of October.

The universities represented in this first "University Harvesters' Tour" of the present season—for others are following—include: Cambridge University, King's College, London, the London School of Economics, University College, London, Manchester School of Technology, Oxford, Reading, Southampton, and Swansea. Half of the students are from Agricultural Colleges or Faculties, most of them are from the classical side.

Non-Stop Flight Fails

British Aviator On Secret Trip To India Crashes

London.—The British air ministry announced that an attempt of a Royal Air Force machine to make a non-stop flight to India ended when the plane fell into the Danube River in Austria.

Dispatches from Vienna reported that the plane fell at Somersberg near Linz, the crash being believed to be caused by the over heating of the motors.

Flight Lieutenant C. R. Carr and Flying Officer E. G. Dearth, neither of whom, it was stated, was badly hurt, were taken to Aschach, near Linz.

War Veterans Secure Land

Returned Men File On Homesteads in Saskatchewan

MOOSE JAW.—About the remains of the one famous War Ranch, southwest of Moose Jaw, consists of an eighty-acre plot, the property of the Shamrock Rural Municipality. The remainder of the ranch property was filed on by homesteaders, and only one quarter section of very poor land was secured by the homesteaders, who filed on some 80 quarters. About one-half of the acreage was obtained by war veterans, and every parcel was secured by men of British birth who are actively engaged in farming operations within nine miles of the land they desired.

Water Was Electrified

Benno.—Ernest Norwood, fireman and janitor of a factory here, started to wash his hands in a basin of water he saw on the floor. He woke up, startled, to find the water was charged with an electricity, being connected with an electric refrigerator plant.

CROP CONDITIONS ARE FAVORABLE IN ALL DISTRICTS

Ottawa.—Canada's crops are in good condition. A report issued by the Dominion Bureau of Statistics based on telegrams giving the condition of crops at the end of July shows that the crop situation in every province is favorable.

The following is the report based on individual provinces:

Manitoba.—July favorable. Abundant moisture, slight hail damage. Wheat cutting not general until late August. Much late grain. Pastures lush. Heavy hay crop but low natural meadows too wet to cut. Vicious growth. Promise of a high average grain yield if everything proceeds favorably and rust does not develop.

Saskatchewan.—Favorable weather over the province as a whole has resulted in strong growth of all grains. Wheat, although later than last year, is reported in healthy condition with a generally even stand. Aided by the wet weather of the past week about 70 per cent. is now heading. Corn grain also in good condition with oats coming into head. Slight traces of rust have appeared in the south and eastern parts of the province, being most abundant along the line from Verulam to Weyburn, and from the north to Vanklev. Hail caused damage to small areas at scattered points throughout the north and northwest.

Alberta.—Crop conditions in general were sustained as a result of a storm originating west of Swift Current, which travelled in a south-easterly direction and caused serious injury in the Vancouver, Klondike and Elbow districts. Summer-fallowing about 50 per cent. completed. Pastures are in good condition with a plentiful supply of moisture.

British Columbia.—All crops ripening fast. Harvesting now well advanced. Wheat cutting commencing. Will be general in week's time. Several yields will be well above average. Potatoes and roots promising. Early estimates of 80 per cent. apple crop still holds good with prospects of a slight increase when harvesting completed.

Patient Carried By Plane

Woman's Life Is Saved By Patrol Aeroplane in Northern Manitoba

Winnipeg.—A flight of 150 miles by a patrol plane was made to save the life of Mrs. Laughton of Norway House, Man. The woman was taken seriously ill and an operation was necessary. Medical aid was to be had no nearer than The Pas as the doctor of Norway House had gone north to make a payment of Indian treaty money.

Flight-Lt. Mawbey, after obtaining authority by radio from his commanding officer in Winnipeg, took off with his patient on his life and death mission. The plane carried the pilot, a mechanic, and Nurse Oliver of Norway House, besides the patient. The machine landed safely at The Pas and Mrs. Laughton was rushed to the hospital, where Dr. Orok performed the operation. According to the doctor the woman would have died if an operation had not been performed within 12 hours. Mrs. Laughton is recovering.

British Women Making Tour

Large Party Will Make Trip Through Western Canada

Toronto.—A party of 200 women from the Old Country headed by Mrs. Flora Drummond, of London, England, has arrived in Toronto. They are touring Canada and intend to journey on through Western Canada.

Mrs. Drummond, who gained fame as the leader of suffragettes, has now turned her attention to a new movement called "the guild of ems." This is designed to educate the woman in the home to the economic and industrial needs of the Empire. It has a membership of 40,000 at present.

May Return Via Canada

Edmonton.—Requests that British regiments from China be "routed" homeward by way of Canada are now being considered by the British war office. This information was given in a cablegram that Major Dyer received from ex-Premier H. Greenwood, commissioner of immigration for Alberta at London.

Promoted To Admiral

London.—Vice-Admiral Sir Walter Henry Cowan has been promoted admiral. He is 58 years old and has been commander-in-chief of the Pacific and West India station since 1925.

Dedicate Altar Where Lies Book Of Remembrance

Ottawa.—Within the sanctuary of the Peace Tower the Prince of Wales dedicated the altar where will lie the Book of Remembrance to the 60,000 Canadians who died in the war. There in the memorial chamber, standing on stone from the battlefields of France and Flanders, the Prince had gathered about him men whose names are known in Canada through the names of the Governor-General and Lady Willingdon stood side by side with Prince George, with the Prime Minister of Great Britain and Mrs. Baldwin. The apostolic delegate arrived by the moderator of the Presbyterian Church and the President of

THE COLEMAN JOURNAL

2ND AVE., E., COLEMAN, ALBERTA. H. T. Halliwell, Editor and Publisher

THURSDAY, AUGUST 11, 1927

Visit of The Princes

According to present arrangements, the Prince of Wales and his brother, Prince George, are to pass over this division of the C. P. R. on August 26th, on their way from Cranbrook to Lethbridge. The time of their passing through Coleman is not yet definitely known, but they are to visit the concentrator at Kimberley in the morning, so that it is likely they will make the trip through this section during the daylight hours.

Doubtless there will be many who would be glad to get a glimpse of the Princes, and it is likely that a short stop of the royal train could be arranged if taken up early enough. The Prince of Wales is very democratic, and enjoys meeting people in quite an informal way, and there are many here who would avail themselves of the opportunity to turn out and give the royal visitors a welcome through this part of southern Alberta.

Why Keep Up This Talk?

There are three things of which Canadian orators should be punished by either fine or imprisonment. One of them is to make a reference to "the three thousand mile border without a soldier or a cannon." The second is that terrible bore of all proportions of our "boundless natural resources." And the third—rapidly becoming the worst (Mr. Massey, our minister at Washington, is becoming a daily offender) is that persistent protestation about our "loyalty to the Empire and the Throne."

Why on earth should it be necessary to keep eternally protesting about our loyalty? Englishmen don't do it. They sensibly regard their loyalty as something to be taken for granted, as it should be taken for granted. But let a Canadian get on his feet, whether he be an alderman or a prime minister, and immediately he begins to protest that he isn't a Guy Fawkes.

The practice has got to be an infernal nuisance. It's about as appropriate as if men were constantly getting up to protest the virtue of their wives.—Ottawa Journal.

"Free Air" Space

Many a manufacturer might envy the column after column, and page after page of free publicity given to Colonel Lindbergh as a result of his famous achievement.

The same manufacturer might, however, find consolation for the regular payment of advertising bills, if he is reminded that even pages of space over a short interval do not guarantee a perpetual place in the public memory.

Who, for instance, was the Doctor who gave his life to prove that a certain mosquito was the carrier of Yellow Fever?

Nor, does everyone remember the names of three of the physicians associated in the discovery of Insulin, which largely eliminated the horror of diabetes.

Who were the men whose signatures were on the famous "Scrap of Paper?" Or, how many can remember the date of the sinking of the Lusitania? All these received columns and columns of "free space."

Advertising seems to demand the regular payment of monthly and annual premiums, it is to perform its work of insuring for any product a favourable place in the public mind.—The Crest.

Team work, loyalty and co-operation will build up a town, and develop civic pride. The pulling of one faction or group of individuals against another will wreck and destroy.

To make your dreams come true requires persistency and close attention to work. Nothing worth while is ever achieved without a great deal of painstaking effort.

BEST IN TOWN

E. W. BEATTY, K.C.
President Canadian Pacific Railway
"Those who live in this country
enjoy a privilege even greater than
that of a bracing climate. Nothing
is more fascinating to human beings
than the process of construction,
particularly when those human
beings feel that they themselves are
sharing in that construction. That
is one of the reasons why we all
delight in belonging to a growing
community, and one of the factors
which is helping to develop a Cana-
dian spirit is the realization of our
people that they are making their
own not unimportant contribution
to the building of the country."

Common Business Errors

1. Neglecting to get receipt when bills are paid in cash.
2. Neglecting to keep receipts where they can be located.
3. Neglecting to check up items in current bills.
4. Inability to keep cheque book balanced.
5. Too easy optimism in starting credit accounts.
6. Signing documents without knowing their contents.

Miss A. Hope Tully, of Winnipeg, arrived this week to succeed Miss Mooney as matron of the Miners hospital. Miss Tully has had a wide experience in the nursing profession, and has been engaged in hospital work in various parts of Canada, including ten years in Vancouver. On Thursday evening last a social gathering of the hospital staff was held in honor of Miss Mooney, who left that evening for her home in Wawanesa, Man.

Don't forget to hear Miss Agnes G. W. Wylie's recital on Aug. 31 at the Grand Theatre. This is a treat which everybody will be pleased with. This brilliant young musician is in constant demand at Calgary and has played to packed houses on many occasions. Reserved seats are now on sale at Rushton's Cash Grocery. General admission tickets can be had from any of the K. of P. Brothers.

Important Announcement

The Pythian Sisters anniversary on Aug. 29 will be observed in the K. of P. Hall by a pantry sale and tea in the afternoon at 3 p.m., and whist drive and dance in the evening commencing at 7.30. 51-2c

Council Met Last Evening

A meeting of the town council was held last evening, a full report of which will appear in the next issue. A telegram referring to road improvements was forwarded to the Department of Highways.

Do your work honestly and courageously. You will be misunderstood and unappreciated perhaps. But if you do your best, regardless of the difficulties you meet, you will at least have the reward of a clear conscience and a sense of duty well performed. Then the sooner one learns to work in his chosen sphere from a sense of duty rather than in the hope of gaining approval or appreciation the sooner he will be able to do his best work. We do not mean that one should have a concern for the opinion of others, for no man can afford to ignore his fellow man. But the point we make is that each man has his given task in life, and as a rule, each one is so busy meeting the problems incident to his own performance that he has not the time to pause and applaud you.—Cranbrook Courier.

Introducing The New Vogue

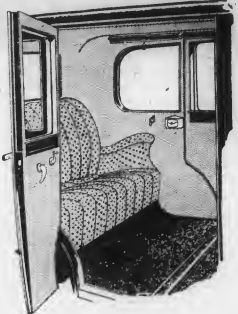

Interior Color Harmonies that match the lovely effect of the Drawing Room

McLAUGHLIN - BUICK for 1928 sets a new vogue in motor car design—

—A vogue for faithfully reproducing in closed car interiors the exquisite matching of colors . . . the tasteful harmony of appointment . . . the luxurious comfort with which skilful decorators have endowed our finest drawing rooms.

Rich fabrics, covering walls and ceilings, blend pleasantly with exterior finishes, forming a neutral background for matching or contrasting interior effects.

Form-fitting tailored seats are upholstered in attractive materials of the finest quality. Carpets of pleasing pattern add a touch of lively color. Even the interiorware is care-

fully selected for its decorative effect, that the complete ensemble may be in perfect taste.

Now you can have a motor car as charming as your drawing room—a McLaughlin-Buick for 1928. See these lovely closed cars at the nearest branch or dealer showroom.

McLAUGHLIN-BUICK for 1928

WHEN BETTER AUTOMOBILES ARE BUILT — McLAUGHLIN-BUICK WILL BUILD THEM

French-Canadian Chanson Has New Lease of Life

1. Charles Marchand, well known French-Canadian folk song singer is typical pose.
2. Chansons have kept the spirit of log-jam breakers high at many a difficult task.
3. Singing and paddling went well together.

created by the lumbermen and habitants; for music is a living art in French Canada.

Only within recent years have we begun to realize how rich is the treasury of lovely melodies associated with the folk songs of Canada. Thanks to men like Charles Marchand, interpreter of the French-Canadian 'chanson', these folk songs have taken on new life, and before long they will be available for the English speaking population of Canada, owing to the efforts of John Murray Gibson, whose translations will be published in book form early in the year.

With the idea of popularizing the English versions and thereby bringing about a closer understanding between the French and English elements of Canada, Mr. Marchand is at present making a transcontinental concert tour under the auspices of the National Council of Education.

Perhaps the only part of the North American continent that possesses an authentic collection of folk-lore songs is the province of Quebec. Four hundred years ago when the first French explorers and settlers came to the shores of the St. Lawrence many of these songs were on their lips and in their hearts and they have never died out. It is to the honor of the French-Canadian race that they have

never been allowed to fade from the remembrance of the people, nor has the flood of ephemeral and rubbishy popular songs of the day overwhelmed them. Originally sung at the court of the French monarchs, they were passed on from father to son, and were brought with the early settlers from France to Canada. And as the years have passed the old ballads have been supplemented by new ones

on the market for the past 80 years; prepared only by The T. Milburn Co., Limited, Toronto, Ont.

Personal and Local

Mr. and Mrs. D. E. McLean will spend three weeks holidays visiting friends at Idaho, and during Mr. McLean's absence, the government liquor store will be in charge of S. F. Patterson of Lethbridge.

Mr. and Mrs. H. C. Pearson and Jim and Betty from Kimberley motored through to Coleman and spent the week end here renewing old acquaintances. Harry is well known among the local musicians, being a former member of the Band and amateur orchestra.

Mr. and Mrs. W. S. Purvis left on Monday for an auto trip for a few days.

Mr. H. Wilton Clark was a visitor to Corbin for a few days this week.

Mrs. J. Fairhurst was a visitor to Lethbridge on Tuesday of this week.

Mrs. W. Derbyshire of Medicine Hat was the guest of Mrs. Thomas Johnson last week.

Mr. Percy Unsworth, a former merchant of Coleman, was a visitor in town this week.

Misses Winnifred Dunlop and Vera Ash left on Tuesday morning to spend a few days with friends at Frank.

G. Kellock, Ross Powell and R. F. Barnes were visitors to Fernie on Sunday to take advantage of the fine golf course there for a game.

Miss Elsie Haysom returned on Sunday morning from Westlock where she has been visiting at the home of Rev. and Mrs. D. K. Allan.

Mr. Thomas Johnson left last Thursday on a business trip to Calgary. Later he intends to visit his sons in Drumheller.

Two cars of members of the Mooseheart Legion went to Fernie last Wednesday evening and had a very pleasant fraternal visit at the lodge there.

Miss A. Yuill, who has been spending her holidays at Tacoma, Wash., passed through town on Monday on her way to visit at Claresholm, prior to returning to Coleman to resume charge of West Coleman school.

COLEMAN BAKERY

Ed. Leduc is enjoying the pleasures of a fishing trip this week.

J. O. C. McDonald left on Wednesday night for a five weeks visit at Stelarton, N. B.

Mr. and Mrs. A. Cornett and family left for the coast on Sunday morning.

Mr. and Mrs. D. Gillespie and family returned on Sunday after an enjoyable holiday at the North Fork.

Miss Madeline Chardon of Blairmore will resume classes in piano on August 8. Phone 204 for appointments. 50 2c

J. A. DeWolfe, fuel agent, C. P. R. Calgary, was here on Saturday in conference with Maurice W. Cooke.

Alex Thanos of the Palm Cafe spent a few days at Pincher Creek, helping his brother during the busy three days of the annual fair there.

Miss Olive Sadler returned this week to Cranbrook after spending her vacation here. She was accompanied by Mrs. O. Smith and family.

O. E. S. Whiteside, general manager of the International Coal and Coke Co. Ltd., left for Calgary on a business visit on Tuesday evening.

Mr. and Mrs. W. L. Rippon are spending a few days visiting friends at South Fork, and will later take an auto trip over the Banff Windermere trail.

Superintendent A. A. Smith, of the Lethbridge division C.P.R., and H. R. Miles, divisional engineer, made a trip over this line on Saturday in the former's private car.

The party of local fishermen who spent last week at North Fork returned on Saturday afternoon well pleased with their holiday and brought back a nice catch of trout, which they distributed among their friends.

The place to advertise articles For Sale, Lost or Found, etc., is in the local newspaper, where the most people will see it. The Journal goes into the homes and is read by Coleman people.

The bazaar held under the auspices of the Polish Ladies Society was well attended on Monday afternoon, and the quilt which was drawn for was won by Mrs. Bielish, with number 267.

Dempsey-Sharkey fight picture, will show at the Palace theatre, Coleman, week of Aug. 29. watch for further details. Exclusive right for this picture for all towns in the Crow's Nest Pass are by the Palace theatre and the Orpheum, Blairmore.

C. Shaw, accountant of the International Coal and Coke Co. Ltd., leaves this week to take a position with the Corbin Coal Co., and with his family will visit for a few days in Calgary and Banff before taking up his new duties.

The annual picnic of the Salvation Army was held last week at Crow's Nest Lake, cars being kindly loaned to take the party out there, where a very enjoyable afternoon was spent. The rain showers in the evening brought the picnic to a sudden close.

The Rev. and Mrs. A. D. Currie left on Tuesday for a three weeks vacation at Pine Lake, east of Red Deer, where Mr. Currie was parish priest for twelve years. During Mr. Currie's absence there will not be any services at St. Alban's church.

Sam Moore's service station is now rapidly approaching completion, and already has the gasoline pump working so that the passing tourists may tank up their cars. The building occupies a splendid position for a service station, being in a prominent position on the main highway.
